HCL Cookie Policy

What are Cookies?

Cookies are small text files that are stored on the browser or hard drive of your computer or mobile device when you visit a web page or application. Cookies are widely used to make websites work more efficiently for users, as well as to provide evidence to the website's operators. Most web browsers automatically accept cookies, but should you not wish to have information collected in this way, you can configure settings within your browser to disable or accept cookies. For further information on how to control cookies in your browser, including enabling, blocking, clearing, and disabling, please refer to ICO Cookies Control.

Consent to Use Cookies

These cookies require your consent, which we seek through the consent banner you encounter when you visit our web pages, in-line with the opt-in requirements on Cookie Law in GDPR and all other regulations and legislation. To opt-out of persistent cookies, please select 'decline' when the cookie consent banner appears, if you have already opted-in and now wish to opt-out, please email – ingemar@hunningsconsultancy.co.uk informing us of your request.

Types of Cookies

Session - A session cookie exists only when you are reading or navigating the website. Upon closing the web browser, these cookies are removed.

Persistent - A persistent cookie exists on your computer until a future date; for instance, the cookie expiry date could set as 1 year, and each time a website is accessed over this period, our website will access this cookie.

Third Party - These are implemented by third party websites with the aim of collecting certain information to carry out various research into behavioural, demographic, and other analytical information, which we use to deliver the best possible user experience.

Policies are periodically reviewed to ensure compliance with the current compliance environment.

For questions relating to this policy, please contact ingemar@hunningsconsultancy.co.uk
